PSA PREMIERE

Come see what we've built over the past three years through our ViiV Positive Action grant: real impact, real stories, and real change.

This is a night of celebration, sisterhood, and honoring the champions across Miami-Dade who are reducing stigma and showing what a better quality of life truly looks like for people living with and impacted by HIV and AIDS.

Come feel the power. Come celebrate the movement.

There IS life after diagnosis – LIVE IT. 🌟
