HIV SUPPORT & AWARENESS

LISTEN. LEARN. SUPPORT.

TOGETHER, WE CAN MAKE A DIFFERENCE

SUPPORT WHEN SOMEONE IS RECENTLY DIAGNOSED WITH HIV

If your friend or loved one was recently diagnosed with HIV, you can support them by listening, learning about HIV, and encouraging them to start treatment and stay in care.

SUPPORT WHEN A FRIEND TELLS YOU THEY ARE LIVING WITH HIV

If a friend tells you they are living with HIV, you can be supportive by acknowledging, asking questions, reassuring, and learning more about HIV.

BE A SOURCE OF SUPPORT.

COMPASSION CHANGES LIVES.

LISTEN. LEARN. SUPPORT.

TOGETHER, WE CAN END HIV STIGMA.
